

For Grafityp Selfadhesive Products – manufacturer of self adhesive products for the graphical and sign industry, including digital print media and laminates – quality and environmental care are part of the core values of the daily policy pursued.

Grafityp Selfadhesive Products distinguishes itself by developing and marketing ecological products in addition to traditional products. In addition, it is also our intention – where feasible and technically possible – to produce in the most ecological way, taking into account the environmental aspects of the entire life cycle of our products.

Grafityp Selfadhesive Products is convinced that this policy not only contributes to a higher customer satisfaction and to a durable development, but also to a competitive advantage for the company itself.

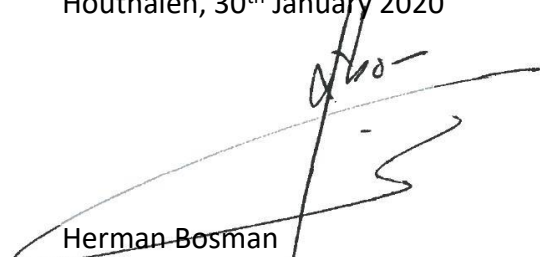

The board of directors and the management of Grafityp Selfadhesive Products therefore undertake to:

- comply with all applicable legal, compliance and other requirements, taking into account the context in which the organization operates;
- meet the needs and expectations of customers and other stakeholders;
- create a framework to continuously establish, assess and improve quality and environmental objectives and targets;
- identify and address the risks and opportunities associated with our activities where necessary;
- protect the environment and avoid environmental pollution;
- pursue high customer satisfaction and adequately investigate and resolve customer complaints;
- regularly evaluate and continuously improve quality & environmental results.

Grafityp Selfadhesive Products strives to ensure that all employees adhere to the quality & environmental standards that correspond to the quality & environmental system of Grafityp Selfadhesive Products.

This policy statement has been communicated to all employees and is available on the local servers of Grafityp Selfadhesive Products.

Houthalen, 30th January 2020

Herman Bosman
Chairman Board of Directors
